

Energy Partners

A monthly look at the happenings of and related to:

New-Mac Electric Cooperative

Your Touchstone Energy® Partner 

Safety presentation brings crowds to New-Mac University

New-Mac University had its largest turnout to date as co-op members, emergency responders galore and the general public saw first-hand the power on the electric lines.

Pike Electric, one of the nation’s largest providers of energy solutions, performed a Live Line Safety Demonstration in a warehouse at New-Mac’s Neosho headquarters on March 16. A crowd of nearly 300 saw the presentation in three showings during the day.

The presentation, which took place from the bed of a custom-made International 4300 flatbed truck, featured full-size electrical equipment and 7,200 volts of electricity. Attendees learned what to do in a variety of emergency situations involving electricity, such as house

See New-Mac U, page 2

Those attending the latest New-Mac University saw some impressive electrical arcs and learned about safety as well.

New-Mac Electric Cooperative

Your Touchstone Energy® Partner 

Energy Partners is a monthly publication of New-Mac Electric for the purpose of informing members of the programs, services and happenings of, and related to, the cooperative.

Please play it safe during Kite Month

April is National Kite Month, and as you enjoy this recreation, New-Mac Electric encourages all to keep safety in mind.

The windy days of spring provide ideal kite flying conditions, however these gusts can bring about risks if kite-flyers fail to use sound judgment.

Kite safety begins with the selection of a good location, such as an open field away from power lines. Kites should always be kept a lengthy distance from power lines – since kites often stray from their intended course. If your kite does come in contact with power lines, let go of it immediately! Never attempt to retrieve a kite that is tangled in power lines.

However, there's more to kite safety than simply avoiding power lines. Kites should never be flown in stormy weather. Always fly kites made of wood, paper or plastic – never use metal when making a kite, and only use dry string.

Remember, a safe day of kite flying is an enjoyable one.

Mulch available

Just in time for spring landscaping, New-Mac Electric has mulch available for \$5 per tractor scoop. Anyone interested should call the Neosho office (451-1515 or 800-322-3849) and ask for Anna or Tobey so arrangements can be made to assist you.

Changes coming for credit card payments

As an additional layer of protection for you, our members, New-Mac Electric Cooperative will soon be PCI (Payment Card Industry) compliant.

In achieving this security standard, however, members need to be aware of changes that will take place on **April 30** regarding **credit card** bill payments. After this date, New-Mac personnel will no longer be able to process payments with a credit card that is “stored or on file.” Members will have to have their card available and read the numbers over the phone. Also, New-Mac will not be able to set up new reoccurring credit card payments (Any existing reoccurring payments will be unaffected by this change).

Members will be able to set up new reoccurring payments themselves by logging into their account at newmac.com or through the SmartHub app for mobile devices. This can also be done

through New-Mac's automated Pay-By-Phone line: 855-874-5348.

These changes do not affect payments being made with bank (checking) accounts. Banking information will continue to be securely maintained, and New-Mac personnel can process payments with your authorization or set up new reoccurring payments.

If you have questions regarding these changes, please call 417-451-1515 or 800-322-3849 and ask for our billing department.

In the upcoming months, New-Mac will offer an additional billing service. Members will be able to schedule specifically which day of the month they would like their payment to be processed. Stay tuned to this newsletter for new details on this future service.

*****CORRECTION: Wayne Englehart is the District 1 representative for New-Mac Electric's 2017 Nominating Committee, and Arthur Clark Petty is the alternate. Their roles had been mistakenly switched when the committee was previously published in this newsletter.**

○ New-Mac U

Continued from page 1

fires, car wrecks, downed lines due to storms, and even what to do if a kite gets into the power lines.

“We were very pleased to have so many come and see this, especially all of the emergency responders,” said Mark Rakes, New-Mac's Manager of Marketing & Consumer Services. “We greatly

appreciate all they do for us, and we want to help keep them safe in situations like what was covered today.”

New-Mac University is a free educational seminar series made available by the co-op periodically throughout the year. The next class will be offered in June. The topic and dates will be in next month's *Energy Partners* newsletter.

Unclaimed capital credit checks available for former members

Names listed are former members of New-Mac Electric who have unclaimed capital-credit checks. Please contact the New-Mac office (417-451-1515) within 60 days to claim your property.
